Four outbreaks of Rinderpest were registered in Koppa and Hosanagar taluks accounting for 26 attacks among cattle, of which 19 succumbed. Prompt measures of control were undertaken by the department to check its spread and 1,499 cattle in the infected villages and 4,340 cattle in 71 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 106 villages accounting for 34 deaths as against 107 villages accounting for 20 deaths during the previous month. The special staff attached to the parasitic disease control units of the department dosed 8,460 animals as against 10,231 animals during the previous month.

The rest of the livestock remained free from diseases during the month. Fodder and water were generally available throughout the State.

## Press Note.

*Sole Agency for the Government Silk Weaving Factory, Mysore.*

The attention of Government had been drawn to a Press report of a resolution said to have been passed by the Managing Committee of the Mysore Silk Cloth Merchants' Association, Bangalore City, against the alleged appointment of a sole agent for the Government Silk Weaving Factory, Mysore, without calling for tenders. It is absolutely incorrect to say that tenders were not called for. Tenders were called for as per Gazette Notification, dated 7th December and 14th December 1950, besides notification published in the local dailies. Tenders were received and fully considered by the Board of Management of Industrial Concerns and the present agency was awarded by Government on the recommendation of the Board as being most advantageous. It is not correct to say that the present Agent, Janab Mohamed Abba Sait is "not in the line", as he was a reputed wholesale cloth merchant in Mysore of over thirty years standing. The resolution obviously is based on a total misapprehension of facts.
